

**GLOBAL
CODE OF CONDUCT**

MESSAGE FROM THE CEO

The founding principles of Beko, trust, honesty, respect, equality and transparency, continue to guide us in our journey. We continue working within the framework of code of conduct defined in line with our core values as stated by the founder of Koç Group Vehbi Koç: "Honesty, integrity, and superior business ethics are the foundations of our business conduct. We conduct our business based on good intentions, mutual benefit, and fair treatment in all our relationships." In this context, we have revised the Global Code of Conduct, which explains how we should behave, what we should pay attention to and what behaviors we should avoid in business, in order to adapt it to our ever-growing and expanding structure. It is of critical importance to adopt these universally valid common principles. In line with our corporate vision of "Respecting the World, Respected Worldwide" it is our responsibility to strengthen this awareness even further, to make our business even better without compromising the principle of honesty, and to create a reliable value chain. I would like you to kindly consider the Global Code of Conduct and Related Code Policies, as a guide and a reliable reference. We will continue to create value and differentiate with leading practices, thanks to your efforts to fully embrace and implement these practices.

Yours sincerely,
Hakan Bulgurlu

GLOBAL CODE OF CONDUCT

“Honesty, integrity, and superior business ethics are the foundations of our business conduct. We conduct our business based on good intentions, mutual benefit, and fair treatment in all our relationships. We are committed to conforming at all times to the highest ethical and legal standards.”

Vehbi Koç

We designed Global Code of Conduct and related Policies to implement Beko’s (“**Beko**” or “**Company**” refers to all companies directly or indirectly, individually or jointly controlled by **Arçelik A.Ş.** and its joint ventures) high ethical standards into corporate governance framework to ensure that how we do business is aligned with our values and applicable laws and regulations in countries we operate as directed by Vehbi Koç.

Our Global Code of Conduct framework has three operational pillars:

- Prevention – we work to embed a culture of integrity at all levels, in all geographies
- Detection – we encourage employees to speak up and give voice to our values; and
- Response – we have the tools to investigate and if necessary, sanctions for confirmed breaches with a standard and uniform approach and use what we learn to continually improve.

We conduct our operations in accordance with laws and regulations, with honesty and with respect for the human rights. All our employees and Business Partners are expected to adopt these rules, act in line with them. Our leaders are responsible from setting examples with their attitudes by leading our employees and making business decisions in accordance with the Global Code of Conduct and related Policies.

Our Global Code of Conduct and related Policies aim to establish our standard of conduct, fight with corruption, ensure our people are respected and information is safeguarded and set the standards for external engagements.

However, Global Code of Conduct and Policies cannot cover every eventuality, particularly as laws differ between countries. If specific situations are not expressly covered, the spirit of the Code of Conduct and Policies must be upheld by exercising common sense and good judgement in light of the objective criteria.
